

### LEVEL 1 - INFORMATION TECHNOLOGY

1

**REQUIRED:** Electronically communicate with your examiner by e-mail arranging a time to assess your badge work. Include in your e-mail two emoticons and a working weblink to the Scouts Australia website.

Complete five of the following:

2

Demonstrate your typing skills by typing the Cub Scout Prayer with as few mistakes as you can manage. Demonstrate that you can cut, paste, save and print a document.

3

Tell your examiner about the important parts of your computer.

4

Using a search engine, find a web page about Scouting and print it.

5

Tell your examiner how you have improved your skills through playing your favourite computer game on any platform over a period of one month. Also demonstrate how to turn it on and off, how to load games, how to save games and how to use the controller.

6

Using a drawing program produce a picture for the examiner using different effects.

7

Carry out a conversation with another Cub Scout over the internet (i.e. "chat") for at least 20 minutes. Print out the conversation and show it to the examiner.

8

Demonstrate your knowledge of emoticons by telling your examiner about four, how they are developed and their meanings.

**EXAMINER:**

**DATE COMPLETED:**

<b>CUBS TESTED</b>
