

LEVEL 1 - PHOTOGRAPHRY

Do the following using either a still or digital camera

1	Show how to load, hold and trigger a simple camera. Explain how to use the view finder and the importance of keeping still while taking a picture.	
2	Take six pictures based on a theme of your choice and mount them to display a sequence of events or a story.	
3	Take six pictures of one subject in varying light conditions such as direct sunlight, backlighting, shade, cloudy days, flash and indoor lighting. Mount them for display.	
4	Explain what you liked and disliked about the results of your photographs.	
5	Display and explain the results to your Pack.
