

**LEVEL 1 - HANDCRAFT**

**Complete three projects, each one from a different category:**

**1. Fibre**

1	Weave a hanging or any other item such as a "dream catcher" using any fibre of your choice and natural objects.	
2	Print, stamp or stencil a design on fabric such as a t-shirt, bag or wall hanging.	
3	Use any fibre, twine or raffia and appropriate knots to make an example of French knitting, macrame or netting.	
4	Sew an item such as a stuffed toy or embroider using a sewing machine or by hand.	

**2. Wood or Metal**

1	Construct a gift such as a toy, key rack or towel rail using "off cuts" and basic tools in a safe way.	
2	Construct a model or figurine from a basic wooden or metal kit. Paint and decorate the model.	
3	Emboss a design of your choice into a piece of metal shim such as copper or aluminum.	

**3. Plastic or Leather**

1	Make a plaited key ring using plastic, raffia or leather thonging.	
2	Make a leather gift with a simple stamped design embossed on the strip.	
3	Make a brooch or friendship token using plastic or other material pieces and jewellery findings.	

**4. International Pursuit**

1	Decorate an egg for a gift and talk to your examiner about a culture or country that decorates eggs at a festive time.	
2	Collect two pictures or two pieces of handcraft from another country and explain to your examiner the functions or use of the handcrafts and from which country they came from.	
3	Make an example of a piece of handcraft from another country and explain to the examiner how you made it.	

**EXAMINER:**

**DATE COMPLETED:**
